

RECALL PETITION
UP TO GOVERNOR

THREE SPARTANBURG OFFICIALS
ARE UNDER FIRE.

Mayor Floyd and Councilmen Waller and Fielder Are Accused of Extravagance.

The State.
A petition asking a recall election for Mayor John F. Floyd and Councilmen C. B. Waller and John B. Fielder of Spartanburg has been filed with Governor Manning by citizens of Spartanburg. The petition is signed by 392 persons, of whom 312 are said to be qualified electors.

Mayor Floyd called at the governor's office Tuesday and made a copy of the petition and the signatures. He declared that he was not worried. Councilman Waller is head of the chemistry department at Wofford college. Mr. Fielder is a merchant.

At the last session of the legislature an act was passed reducing the number of commissioners in Spartanburg from four to two. Under the terms of this act O. T. Gallman and J. T. Hudson will retire from office next Saturday. The other commissioners, under the law, hold over for two years. The commissioners receive a salary of \$1,200 each a year.

Reasons for a recall election are given in the petition to Governor Manning as follows:

"Because of the extravagant and improper management of the city's finances by the mayor and councilmen or commissioners above named.

"Because the mayor and councilmen above named did not use proper diligence nor exercise due business care or prudence in managing affairs of the city, especially in arranging its financial affairs.

"Because the mayor and councilmen above named have shown indifference and improper management of the city's affairs, by accepting a loan of about \$85,000 from a local bank and agreeing to pay 4 1/2 per cent interest for the same, when another local bank offered to make the same loan at 3 3/4 per cent, thus extravagantly expending on said loan \$400 or \$500 of the city's money."

APRIVE TO ARRANGE LARGE
POST BELLUM STEEL PURCHASE

French Industrial and Commercial
Commission to Place \$160,000,000
Structural Material Order.

New York, Nov. 9.—Five members of the French industrial and commercial commission landed here today from the steamship Lafayette and said they came to arrange for the purchase, after the war, of at least \$160,000,000 worth of structural iron and steel, machinery and industrial supplies. All supplies of this character, the commissioners said, were formerly imported from Germany.

The commissioners said that while they are here primarily to purchase supplies necessary to reconstruct and modernize French industries after the war, they will endeavor to establish reciprocal trade relations between the United States and France.

The commission is headed by Maurice Damour, formerly French consul general at New Orleans, now secretary of appropriations of the French chamber of deputies. The other members of J. Lesuer, agricultural engineer and a delegate of the chamber of deputies; L. Tricano, director of the national watchmaking school at Besancon and a delegate of the chamber of deputies; Ede Lesalle-Thiriez, secretary of the spinners syndicate, and T. Chopfour, a banker. Three other members, representing the metallurgical industry and the Lyons chamber of commerce, will arrive shortly.

This commission is backed, the commissioner said, by all the large industrial and commercial organizations of France, and a majority of the bankers.

"Before the war France imported a large portion of all structural iron and steel, industry machinery and all manner of supplies from Germany," said Mr. Damour. "But it is now conceded in France that the great friendship shown by the United States will bring about close trade relations between the two republics at the conclusion of the war.

"The purchases we will arrange for will be necessarily to rehabilitate France's various industries after the war, but we will also take opportunity to modernize many of the plants. Before the war we were spending at least \$160,000,000 a year for German machinery and industrial supplies. I feel sure this sum will now be spent in the United States and that our purchases will lead to far greater ones in the future.

"Our orders will cover virtually all kinds of machinery from agricultural implements to finer grades of textile machines. Ample provision has been made for the financing of these orders."

"SUNDAY."
Reine Ravis the Star of a Heart Moving Drama.

World Film corporation presents the five-part photoplay "Sunday," based on Thomas Raceward's successful stage play of the same name. The film is the second George W. Lederer "filmotion" (Mr. Lederer will have it that way), and it is well worthy of this very experienced stage director's reputation and abilities. He has certainly made good as a "movie" producer in a very short space of time.

Reine Davis, who makes her debut in motion pictures in this offering, also scores a great success in the part of Sunday, an orphan girl, brought up like a boy by four great-hearted lumberjacks. When her lover proves false and tries to betray her they kill him. Sent to a convent and educated, she

becomes extremely lady-like and refined and attracts the love of a manly admirer in England.

But her heart is in the lumber camp and she returns to "the boys," followed, however, by her lover, who secures her after many adventures.

The film, in fact, is packed with incident and excitement; there are scenes in England as well as in the United States, and all of them are of singular beauty, pictorially chosen and splendidly photographed.

And the acting is convincing and spirited. Supporting Miss Davies there are such famous people as Montagu Love, William H. Tooker, Charles Trowbridge, Jeanette Bageard and others.

"Sunday" will be presented at the opera house on Tuesday, November 16, matinee and night.

There are 9,000,000 unmarried women in the United States, and yet the governor of Massachusetts is a bachelor.—Boston Advertiser.
